## SCHUCK IS ENTITLED TO A SOLID VOTE

It is a keen disappointment to learn that there are a few people locally who are attempting to hinder the home candidate for the legislature. Fortunately they are very few in number and present very frail arguments when confronted for a real reason for their course. No voter in this section of the county has any other than a personal reason for voting against Mr. Schuck for Assembly and a man who loses sight of the interest of his town and community in order to carry out a personality would never make a good soldier.

Mr. Schuck has devoted as much time and energy for the welfare and advancement of Monessen as any other citizen. He has given freely of his time energy and money toward every forward movement in which the town has been engaged and in the legislature he can be valuable to our interests and no one will be more willing to serve us capably and well. Mr. Schuck has helped to secure every foot of right of way for the construction of the public highways now under progress and his has been one of the hardest of tasks. Many times it was almost too discouraging to proceed but he stuck to his work through all the entanglements. Hemmed in as Monessen was from its surroundings it took the united effort of half a dozen citizens to solve the problem and work for better conditions. Mr. Schuck was one of these men and for the past two years there has been no let up and the results will be satisfactory and the town will be benefitted Those who are talking against Mr. Schuck's campaign are unacquainted with civic work and probably think that such matters are trifling and they give their influence to some candidate elsewhere.

Some of this "influence" was against John K. Tener for Governor. Not because Mr. Tener was unfit for the office but because he was a local man. This resulted in the town getting in wrong and now since Mr. Tener occupies that high position it is necessary for us to court his favor underserving. It is better to support a home candidate and lose than to be sufficiently unpatriotic as to try to down a local man. Let every voter in Monessen help Mr. Schuck win the Republican nomination.

## ROGERS-GRILLEY WAS CLOSE OF COURSE

The Rogers-Grilley entertainment last night at the opera house was very pleasing to a good sized audience, made up of the element of our town who appreciate the really good things of life. Surely these gentlemen are of this class, as they produced an entertainment such as had never been enjoyed by our music and literary lovers. Prof. Rogers, as a harpist is truly a wonder and his work on this difficult instrument was highly gratifying, while the literary and song work of Mr. Grilley was of the highest order. Those who were so fortunate as to hear them say that they were most highly entertained, and should these gentlemen return to Monessen on a future date they would be sure of a packed house.

### Col. Derickson Stricken Suddenly

Col. C. M. Derickson of McKee avenue suffered an attack of heart weakening last night while on his way home from attending congregational meeting at the Presbyterian church. He was found in a semi conscious condition by two ladies, lying beside the church boardwalk where he had fallen. He was taken to his home, restoratives administered and in a short while he regained consciousness. During the night he seemed in quite a weakened condition, but was reported improved this morning.

### As to Anonymous Communications

A communication was received at this office today signed "subscriber" which was intended to appear in print. The authors name was concealed which fact makes the communication anonymous. It will not appear in print. We have time and again made it plain that we will not publish a communication of any kind without knowing the author. A writer who is ashamed to make his identity known, even to the publisher is not deserving of sufficient space for his utterings. No editor cares to be responsible for the opinions of others.

### Roosevelt to Speak at Uniontown

Teddy Roosevelt is to be in Uniontown next Tuesday morning and will speak from the balcony of the Gallatin hotel, and elaborate plans are being made by his friends for his reception. From Uniontown the Colonel will go to Pittsburgh where he will be given an ovation.

## A RESUME OF MATTERS POLITIC, OF INTEREST TO VOTERS IN OLD WESTMORELAND

The campaign in Westmoreland county which is a little more than a week off is somewhat quiet at this time, regardless of the fact that some important offices are to be filled. The keenest interest seems to be manifested in the fight for senator in which contest there are three competitors for the Republican nomination. At this hour it would seem as though public attention is most directed toward Denna C. Ogden of Greensburg and Chester D. Sensenich of Irwin. The latter is Chairman of the Republican county committeemen. Mr. Sensenich started in to wage his fight on the platform of the purification of politics, charging that in handling the county's business and especially in the construction of the court house, the grafting almost equalled that of the building of the state capitol.

Mr. Sensenich was county chairman during the bitter campaign when Hon. K. Tener was elected governor of the state and he had much to contend with on account of the Keystone movement, but he put up a gallant fight,. This of course has welded him into the affections of Mr. Tener and the staite Republican organization. Chester has been campaigning almost day and night and claims that he has won the fight.

However Mr. Ogden his closest opponent, even though divested of the influence of the county organization is one of the shrewdest, far seeing and energetic little politicians in the state. Many times he has been strongly opposed and seemingly stripped of every vestige of influence, but like the cat, Denny always seemed to come back. It seems the stronger the opposition the harder he fights and the outcome of this contest is being watched with great interest and it promises to warm up toward the close.

Jos. A. McCurdy, the third candidate is one of Westmoreland county's able lawyers and a man whom everybody respects. He would make an able and honest man to represent the district in the senate but unlike the trained politician he doesn't go down among the rabble to boost himself into office. He would rather lose than win the nomination either by buying it or deviating from the elevated and dignified campaign.

In the Congressional fight there seems to be very little to it thus far. Hon. E. E. Robbins has had the fight won for some time, and it would seem impossible for any new man to come into the race and get public sentiment turned against him. Mr. Robbins is one of the most able, practical and learned attorneys at the bar. He is a scholar, a gentleman and a statesman, equal in talent and training to many men whose lives have been factors in moulding the nation's destiny. He is young in years and is possessed of that vigor and ambition that will make its mark and the influence of such a man representing the Twenty-second congressional district with its diversified interests will be felt.

He is an able speaker and he possesses sufficient knowledge and experience to represent every element of constituency in the district. When necessary Mr. Robbins will be on the floor instead of being perched among the figure heads. So far as his campaign is concerned few inroads have been made. There are three in the race and the district includes Butler county as well as Westmoreland, but the latter having three times the population of the former naturally gives the Westmoreland men an advantage from the standpoint of home pride and patriotic loyalty. J. David McJunkin who has always been an avowed candidate against what was called the Westmoreland "ring" is again in the race after having the nomination handed to him through the courtesy of Senator Robbins, but he lost the fight in the fall. So far as is known Mr. McJunkin is not actively in the campaign and is not making any canvass and the natural conclusion is that he will not get much of a vote even in his home county, and most of this support will go to Mr. Robbins.

Judging from appearances A. L. Keister of Scottdale will be second in the race. Those who are acquainted with the man and his life and who are familiar with political conditions say that he will get a good vote in and around Scottdale. Mr. Keister is making his campaign on his reputation as a contributer to churches and charitable institutions but many people fail to take to a man who tries to boost himself into public office on

## WATTS IS REDUCING FLESH---LOOKS WELL

Officer F. L. Watts who has been known around town as the fat man is reducing his flesh and during the past month he must have reduced his weight fifty pounds judging from appearances. He is not using any of the so-called scientific methods, which are so expensive and tend to impair the health but he is careful not to take any fat producing diet, especially are the beverages cut out. Those acquainted with the officer are congratulating him on the success with which he is meeting and they marvel how chipper he gets along the streets.

## LARGE NUMBER OF UNLICENSED DOGS

Up until last evening Boro Clerk J. E. Pittman had issued ninety dog licenses. April first was the day the obligation became due and notice was served on dog owners that unless they complied with the law their canines would be confiscated and they would be arrested and fined. The new ordinance not only deals with the dog but the owner too must suffer for having neglected to fulfill the law. Since the official notice was printed in this paper on an average of thirty dog owners have visited the clerk's office in order to protect their property and many more must follow suit. The borough authorities will wait about a week before starting a dog killing crusade and then the canines will begin to fall and owners will be hauled up before the bar of justice.

### Lawhead May be "Ye Editor"

J. C. Laughhead an experienced newspaper man of this state looks like the editor of the new Democratic daily should one be started in the county. Mr. Laughhead is fitted to take hold of any department of a newspaper having come up the line all the way from devil to editor. The capitol stock of the enterprise has been fixed at $25,000 of which twenty thousand has been taken. Squire J. Q. Truxal is the president.

## EASTER, WHY WHEN AND WHEREFOR

Easter Sunday— Ever and always, so we used to hear our good old country fore fathers and fore mothers say, came the first Sunday after the first full moon following the Vernal Equinox—March 21—Isn't that easy?

Easter—A great festival honoring "Eostra," the ancient goddess of Spring. The greatest holiday and the oldest gala-day in our world's history, and has been continuously observed for more than "four thousand years."

Always observed in the same manner—new happiness, new clothes and with flowers. A day when every one of "us," from Mother Earth "herself" to the last of her children "casts off" the old raiment of the old year and comes out "gloriously arrayed" on Easter morning in new, bright and attractive attire.

Woe be "unto you" if found wearing an "old hat" on this "New day." The pity of "forty centuries" will be yours if you are found wearing an old suit or an old gown.

And the First Sunday after the first full moon after the 21st of March, 1912, will be "April 7th"—next Sunday.

If you are going to be ready for Easter Day, you must start now—this very minute. And the place to begin is here—with this paper, The Daily Independent, which you are now holding in your hands.

The pages are brim full of "Easter News," just as the progressive, wideawake advertising stores are full of "Easter Necessities." There can be no question now about "what" the new styles are to be. Every store having an announcement in this paper knows them, and each one has them

If you are annoyed or undecided as to "where" to go or "what" to "get" or "how much" to pay, the "Advertising News" to be found throughout "our pages" today, and from now until Easter will tell you.

It will solve your "Easter Problems"—Every one of them. Our advertising pages are the "Windows" of all the stores in Monessen that are

## Twisting of Politics

Is it to be wondered that Democrats of Greensburg and of Westmoreland county are clamoring for a party paper? It most surely is badly needed and the Democrats of the county are entitled to it, and should by all means have it. That is, the right sort of a Democratic paper. One that will conscientiously, consistently, ardently and earnestly, and fairly and squarely promulgate, advance, support and uphold party principles unswervingly at the times when support is most needed. This paper is Republican in policy and precept, and does, ever and at all times, all in its power for the good of Republican party polices, as well as candidates, but we do like to be fair and just to all, and we enjoy nothing better than an honest, fair and square political contest. We are utterly dumbfound ed--struck blind, as it were, when we see within the pages of this week's issue of that staid old Democratic publication. The Pennsylvania Argus of Greensburg, at least three columns of Taft Republican campaign matter, shipped to that paper by the Republi can campaign managers and paid for at so much per inch. Now the first that strikes us is, that Editor Laird is asking to be sent to the National Democratic Convention at Baltimore as a delegate to represent his party, yet his paper advertises the sending of Taft delegates to the Republican convention at Chicago. Surely he cannot be aspiring to be sent to both conventions, do you think? No, not that. It's one of two things. Cannot resist the temptation of the almighty dollar, or that plate matter fills up just three colums of space in the Argus without paying for the composition. No paper can claim party allegiance, accept money from the opposition, and yet ask favors of the party which he, in a luke warm way claims to uphold and support, most particularly in a national campaign where party lines are so closely defined as they are in the present contest, in the nation, the state and Westmoreland county.

## The Law Journal's Fate

The Westmoreland Law Journal got hit in the solar plexus. It got a palpable blow and now it is completely knocked out. The people all over Westmoreland county expected the court to take the view of the matter it did. There was no reason why those amateurs in journalism should be favored with a ruling from court which practically made their venture a success. Few people in life are fortunate enough to strike such a bonanza, and to be ushered into the presence of a bunch of money is not the safest thing in the world. Many a young man has been ruined in this very way. Possibly the court thought of this phase too as well as the fact that the proposition was a hold up pure and simple. This is the second time an attempt has been made to embarrass the court in such a manner but possibly it will be the last.

If lawyers at the county seat find it necessary to establish a journal of this character they should be willing to put up the price of subscription commensurate with the cost of publi cation. In time then the paper, like all others, could command sufficient advertising patronage as to make it a profiable business venture. Tnis would be the business way to go at it.

---

A Massachusetts newspaper says that about the only criticisim it has to offer against Dr. Wiley is that he once spoke highly of spinach as an article of food; and an Ohio journal retorts "And we love him for it." It will be seen therefore, that if the famous chemist should be nominated for vice-president, as it is now rumored he may be, the spinach issue would be likely to loom large in the coming campaign to either his advantage or his detriment. How do the voters stand on this burning question? Would it not be advisable to take a straw vote on it, and that at once?

---

When we hear people talking about their ancestors, we can't help but wonder whether them same people are now doing anything that will cause their children, grand children and great grand children to talk about them and prate of their sterling qualities a hundred years to come.

---

There are times when Colonel Roosevelt says something to which men in both political parties can agree. No one, for instance, will deny that he is right when he declares that a ballot fourteen feet long is an unmitigated nuisance.

# TROLLEY LINE EXTENSION HOPED FOR

Providing satisfactory arrangements can be made the Allenport and Roscoe Street railway, which is an extension of the Pittsburgh Railway company's Charleroi line will be extended from Roscoe to California this summer. This is a distance of about three miles. The line if built will be of the greatest importance to the Monongahela valley.

The route for the new line proposed will be along the river. Owing to the ruggedness of the land at that place building a line will be a costly operation. It is the intention to extend to Brownsville as soon as possible after the California branch is built.

The Elco council is the only serious barrier to the new line, and as they have passed the ordinance in first reading, it looks favorable.

# RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which also restored the natural color.

One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company of New York, who has placed on the market a superior preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp, and thin, weak, falling hair.

The beauty of the hair depends more on its rich, even shading than anything else. Don't have dry, harsh faded hair, when a simple, harmless remedy will bring back the color in a few days; and don't be tormented with dandruff, itching scalp and loose, falling hairs. Wyeth's Sage and Sulphur Hair Remedy will quickly correct these troubles, and give color, strength and beauty to your hair.

Get a fifty cent bottle from your druggist today, and prove this to your own satisfaction. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

# *News Notes of Society*

Wednesday evening, Mrs. Arthur Winstone of Essen entertained the young ladies class of the Baptist Sunday School, of which she is teacher and a most pleasing and enjoyable evening is reported by those who attended. This is one of the most interesting and hard working classes in this school and by the able assistance of Mrs. Winstone their ranks are growing every day and the work they are doing is most gratifying. Almost the full membership was present and the hours were most pleasantly spent in discussing ways and means of advancing the work of their class, the playing of harmless games, vocal and instrumental music, and last but not least, the partaking of a chicken supper, prepared at the hands of their able and amiable teacher, Mrs. Winstone. To say that this feature was enjoyed and appreciated, would be expressing it but mildly. In fact the girls were unanimous in pronouncing it "the best ever," and they will be only too pleased when the time comes for Mrs. Winstone to say "Come out girls, and eat chicken with me." Surely the girls did enjoy it, as it was one of those sumptuous, luscious, juicy home-like suppers as can only be gathered up and served by a "country lady" in a good, old fashioned country home. The young ladies and their teacher enjoyed the evening very much, and all went home with cheerful and thankful hearts.

Mrs. Etta Lear of No. 18 Reed avenue on Tuesday evening gave a birthday party in honor of her twelve year old son Lester Lear, and a most enjoyable evening as spent by a large company of boys and girls. Games, music, singing and a general good time made up the evening's program, and Mrs. Lear put forth every effort to insure a good time for all. A dainty and appetizing luncheon was served and this was a feature much enjoyed and justice done thereto by the young guests. Those present were: Lawrence McCreary, Quberg Wikstrom, Elizabeth Whorall, Gladys Engel, Wm. Stevens, Phyllis Ewing, Agnes Ewing, Ellen Wells, Glenn Dick, Jack Reed, Wm. Gratzer, Austie Patton, Gean Hood, Chas. Ewing, Stewart Wild, Wallace Hood, Arthur Madison, Daniel Stevens, Edgar Jenkins, Annetta Wikstrom, George Morris, Robert Gibson and Alfred Bastrom.

**For Baby's Eyes.**

Mothers, please do not send your babies out without any shade for the eyes. Even though it is not summer time, they should not be allowed to lie with the sun shining in their eyes. All sorts of troubles result from this, eye inflammations of many kinds, often defective vision and nervous conditions, which remain for life. If you would try lying with the sun shining in your eyes for an hour or so you would soon realize how disagreeable it is for a baby in a gocart or carriage to be subjected to it

**Pipes Not Made From the Brier.**

French brier pipes are not made from the roots of the brier, but from the root of a white heath which attains a considerable size in the south of France, where it is sedulously cultivated for pipe-making purposes. The name is derived from the French bruyere, the dialect form of which is briere, meaning heath.

Proof of merit lies in the evidence
Convincing evidence in Monessen.

The statement of a Monessen citizen.

Mrs. Andy Jenkins, 14 Schoonmaker avenue, Monessen, Pa., says: "For three months I suffered from attacks of kidney trouble, the first symptom being a severe pain in the small of my back. I had dizzy spells and my kidneys were badly disordered. Reading a great deal about Doan's Ridney Pills, I got a box from Hirsch Drug Co., and began their use. They acted just as represented and brought about a great improvement. I willingly give Doan's Kidney Pills the praise they deserve."

## RESUME OF MATTERS POLITIC

Continued from first page

what he has contributed to charity or what he has done for religious institutions. People believe a man's religion should be separate and apart from his political aspirations and he should never head a sacred subscription for the hope of reward. After public judgement has been passed upon this course it seems to have had the wrong effect as people generally dislike a man who for business reasons or gain makes a profession of piety and charity. To counteract this bad effect literature is being sent out connecting him with the Volunteer fire department and on this basis a bid is being made for the vote of the firemen, but this course has not lent any alarming impetus to his campaign. Some think that a man who is rounding up toward three score and ten has outlived his usefulness as a fireman and that during the progress of a conflagration he would be safer on the ground than at the top of a burning building. It is generally conceded that a campaign should be conducted on the fitness of the candidate to fill the office. Voters are no longer passing around rewards of merit and in politics as in any thing else it is the survival of the fittest

Getting along to the Assembly there seems to be no slate The six men are scattered pretty well over the Second District of Westmoreland county. Of course locally Mr. Schuck will get unanimous support and the vote will be somewhat scattered among the other candidates. Candidate will be chosen for the state and national convention. Locally we have two for the state convention A. N. Shuster unpledged and G. H. Thomas who favors Roosevelt.

### A Dangerous Pest Bird

State Game Wardens state that Western Pennsylvania must look out for a new pest bird known as the English startling, which has made its appearance along the eastern border counties and in New York and New Jersey. The bird is injurious to farm life, travels in great flocks and multiplies rapidly. When they do appear where there will be a great fight between them and our native crow and black bird.

"worthy" of your attention and patronage.

"Here" is where you will get the "best for the least." "Here" is where you will make your "dollar go the farthest." "Here" is where you will find the "styles most pleasing to your particular style."

Every woman and every man has a "personality" and it is not enough just to get some ordinarily popular style to make you appear at your very best.

So scan "every one of these announcements" carefully and find the "suit, the dress the hat" that will be most becoming to you." "Somewhere" in these pages is just the thing "you want"—the article that will make "you" look better than any you have ever worn before—Look for it "carefully and well."

## EFFORTS OF P. R. R. CO. TO SAVE HUMAN LIVES

The extent of the evil of trespassing on railroad property in violation of the law is indicated in figures made public today by the Pennsylvania Railroad, showing the number of arrests made on its lines in the year ending December 31st, 1911. More than 5,500 arrests were made for trespassing, while 3,500 were the result of illegal train riding.

The dangers of trespassing are shown by the railroad in figures recently made public which brought out the fact that on the Pennsylvania Railoard System alone, 8,523 people have been killed and 8,285 injured since 1900. These injuries and fatalities occurred while the people were on railroad property, in willful violation of the law. Statistics show that while forty-five per cent of trespassers on Pennsylvania Railroad property are tramps, the remaining fifty-five per cent are self supporting and in many cases well-to-do people.

The above are pointed to as emphasizing the contention of the railroads that laws should be enacted providing substantial punishment for persons trespassing on the private right of way of any railroad. In the case of tramps, railroads say that when they are arrested they are either locked up for two or three days, or told to "move on." This means that each town merely shifts its burden to another, and in return receives the vagrants unloaded by a third community. In many cases, local authorities refuse to make arrests at all, and if a tramp is put off a freight train, all he has to do is to wait for the next one.

To abate these nuisances, and to stop the many accidents resulting there, the Pennsylvania Railroad is seeking to enlist the support of State and County authorities.

By all means keep your skin in perfect trim by the use of Pura Greaseless Cream—25 cents at Kirks.
